fully multifunctional  
printing system

*See what digital versatility  
can do for your business*

- 33 pages per minute output
- Multi-tasking system for copying, printing, scanning and faxing
- Compact, space-saving design
- Time-saving Image Server
- Easy and efficient operation
- High capacity paper supply
- Flexible finishing functions

## *Supplying the widest range of solutions in a compact, cost-effective multifunctional system*

Today, with the rapid growth of networks, investing in a digital system - rather than stand-alone machines - makes perfect sense. Even more so when the Canon iR3300 multi-tasking system offers all the convenience of a compact design, exceptional ease of use, increased productivity and cost-effective operation.

With its modular structure, it can be configured for copying, scanning, network printing or faxing - either as a complete multi-functional system or with functions added as business expands. Innovative one-chip architecture lets you continue copying or faxing while the unit is still printing, for optimal performance.

In a network environment, the system supports a full range of finishing functions - with a web-controlled remote user interface as well as a personalised image server to facilitate document editing and storage. Making the iR3300 ideal for departmental use or as a core document workstation for your entire enterprise.

#### SUPERIOR IMAGE QUALITY

This 33 ppm digital system delivers consistently high quality output for both text and images - equivalent to 1200 x 600 dpi for copying and a high 2400 x 600 dpi for printing, with 256 gradations. Trayless duplexing provides productive two-sided printing. Also speed is combined with savings, as on-demand fixing technology lowers energy consumption.

#### PRODUCTIVE PRINTING

As a productive multifunctional printer, the iR3300 system greatly improves your office document workflow. Optional PostScript® and PCL emulation ensures faster performance. Plus A3 printing, duplexing and finishing functions are fully supported. With easy, seamless network printing providing complete document management throughout your company.

#### EFFICIENT, FLEXIBLE FAXING

The iR3300 is ideal for all your heavy-duty faxing needs. The main advantage is that it supports A3 output, duplexing and finishing - with time-saving dual access operation and a high capacity fax directory to speed up operation. Apart from enhanced productivity, it also removes the need for dedicated machines, thus reducing your investment outlay.

#### MULTI IMAGE SERVER

A unique feature of the system is the ability to store scanned documents and printing files directly on the hard disk. Users can then customise their own 'mailbox' - with the ability to combine, edit and save documents for later re-printing, all direct from their browser. Documents can also be password protected, ensuring complete confidentiality when printing.

### COMPACT, DURABLE DESIGN

The innovative design of the iR system, with its built-in finisher and wingless ADF (Automatic Document Feeder) makes it far more compact than competitive machines. It's also highly reliable and durable. A full range of features include a zoom ratio ranging from 25% right up to 800% - as well as comprehensive and convenient editing functions.

### EXCEPTIONAL EASE

There's a highly intuitive touch panel for exceptionally easy operation. Alternatively, a remote UI (User Interface) allows users to control operations directly from their PCs, via their web browser. This allows easy monitoring, control and status checks of the system - providing seamless handling of all print jobs throughout your entire computer network.

### EXTENSIVE PAPER SUPPLY

The system handles all paper formats, from A5R up to A3 - with a total paper capacity of 4,550 sheets to meet even the most exacting demands. Two front-loading cassettes - each holding 500 sheets - and a 50-sheet multi feed are standard. Two more 500-sheet cassettes can be added. Plus there's an optional 2,500-sheet paper deck for heavy-duty workloads.

### FULL FINISHING FEATURES

A range of finishing options increase productivity. There's an inner 2-way tray, ensuring that output of copies, prints and faxes are not mixed up. A built-in finisher offers full sorting and stapling functions - without taking up any extra space. Also a Saddle Finisher for professional booklet production - and an optional hole puncher - are available.

## iR3300 Specifications

<b>Type</b>	Desktop type
<b>Copying system</b>	Laser dry electrostatic transfer system
<b>Platen</b>	Fixed
<b>Acceptable originals</b>	Paper sheet, books and three dimensional objects up to 2 Kg
<b>Maximum original size</b>	A3
<b>Copy sizes</b>	Cassette: A5 to A3, Manual: A6 (Postcard) to A3
<b>Scanning Resolution</b>	600 x 600 dpi / 256 tones
<b>Printing Resolution</b>	1200 x 600 dpi (Copy), 2400 x 600 dpi (Print)
<b>Zoom</b>	25% - 800% (1% increments)
<b>Speed</b>	33/A4, 16/A3
<b>First copy time</b>	5.8 sec. approx.
<b>Warm-up time</b>	29 sec. or less
<b>Multiple copies</b>	1 - 999
<b>Dimensions (W x D x H)</b>	565 x 678 x 769 mm
<b>Weight (Kg)</b>	80 Kg
<b>Power consumption</b>	1.35kW or less
<b>Fixing system</b>	On demand
<b>Paper</b>	Cassette: 64 to 80 g/m <sup>2</sup> , Paper Deck (Drawer): 64 to 80 g/m <sup>2</sup> , Hand feeding: 64 to 128 g/m <sup>2</sup>
<b>Input Paper capacity</b>	Cassette: 500 sheets x 2, Multi-hand-feeding: 50 sheets, Optional paper deck: 2,500 sheets
<b>ADF</b>	50 sheets / A4
<b>Output Paper Options</b>	Finisher-J1 (300 sheets / A4), Saddle Finisher-G1 (1,000 sheets / A4 + booklet tray), Inner 2 way tray-A1 (600 sheets / A4)
<b>Duplex</b>	Standard

<b>Image memory</b>	128MB RAM + 5.1 GB HDD
<b>Options</b>	Finisher-J1 • Saddle Finisher-G1 • DADF-H1 • Puncher unit-J1/G1 • Inner 2 way tray-A1 • Paper Deck-L1 • Cassette Feeding Unit-W1 • Pedestal • Platen Cover Type E • Card Reader-C1 • Document tray-D2 • Copy Tray-F1 • Network Multi-PDL • Printer Kit-C1 (PostScript3 • Emulation/PCL5e, XL) • Network Printer Kit-C2 (PCL5e, XL) • Token Ring™ Network Interface • Adapter iN-TR2 • Fax Board
<b>Printing Feature</b>	
<b>Processor</b>	Canon Custom Processor
<b>RAM</b>	128MB
<b>PDL</b>	PostScript3 Emulation/ PCL 5e, XL
<b>Resolution</b>	600 x 600dpi, 256 tones (2,400 x 600dpi with smoothing)
<b>Printing Speed</b>	33 ppm/A4, 16ppm/A3
<b>Paper Size</b>	Up to A3
<b>Duplex Printing</b>	Yes
<b>PostScript fonts</b>	Roman 136
<b>PCL Fonts</b>	Roman 80 & Barcode 32
<b>Hard Disk</b>	5.1GB
<b>Network Connectivity</b>	Ethernet (10/100BaseT), Token Ring (optional)
<b>Network Protocol</b>	TCP/IP (LPD/LPR/Port9100/ IPP/SMB), IPX/SPX (Pserver/NDS/Rprinter/Nprinter), AppleTalk(PAP)
<b>Supported OS</b>	Windows 95/98/NT4.0/2000/XP/ME, Macintosh
<b>Scanning Feature</b>	
<b>Interface</b>	Ethernet (10/100BaseT)
<b>Resolution</b>	150 to 600dpi, 256 tones
<b>Scanning Area</b>	Up to A3
<b>Driver</b>	Network Twain
